NOTES

The Midway Speedskating Club was organized in 1946 and has competed in all National Outdoor Championship meets since and including 1946.

In compiling the following information, records have been researched, as have the St. Paul newspapers. There may be some errors which will be corrected if they can be substantiated.

Scoring prior to 1956 was done on the basis of 30 points for 1st, 20 for 2nd, and 10 for 3rd. No points were awarded for 4th place. Beginning in 1956, five points are now awarded for 1st, three for 2nd, two for 3rd, and one for 4th. In order to equate these systems, the following has been used for conversion:

Old System	New System
30 points	5 points
20 points	3 points
10 points	2 points
No 4th place points recorded	1 point
